

WORKFORCE DEVELOPMENT — HARTSFIELD-JACKSON ATLANTA INTERNATIONAL AIRPORT

Help every employee **Boss Up.**

BossUp is a mobile-first workforce-development platform that turns frontline talent into confident, capable leaders. Built for hourly and shift workers, it delivers microlearning, real-time coaching, and clear paths to advancement — at the scale of the world's busiest airport.

The opportunity at ATL

Hartsfield-Jackson moves more travelers than any airport on earth. Behind every on-time departure are tens of thousands of frontline workers across ramp, gate, concessions, custodial, guest services, and operations. Keeping, growing, and promoting them is the difference between a good operation and a great one.

What BossUp delivers

- › **Mobile-first microlearning.** Five-minute lessons built for shift workers, on any phone, in any language.
- › **Real-time coaching.** Nudges and playbooks that turn busy supervisors into mentors on the floor.
- › **Role-based skill paths.** Curated tracks that move people from frontline to supervisor to manager.
- › **Advancement & mobility.** Clear, visible paths to the next role — and the raise that comes with it.
- › **Manager dashboards.** Skills, progress, and promotion-readiness across every team and terminal.
- › **Recognition & culture.** Celebrate wins and build the belonging that keeps great people.

How it works

- 01 Assess**
Benchmark skills, goals, and gaps for every role — from ramp to retail to operations.
- 02 Learn**
Daily microlearning meets people where they are, on the device in their pocket.
- 03 Coach**
Managers get prompts to coach; employees get mentors who help them level up.
- 04 Advance**
Track readiness, surface internal candidates, and promote from within.

Built for ATL

- › **Built for airport scale.** One platform for tens of thousands of workers across domestic and international concourses.
- › **Multilingual by design.** Meet ATL's diverse workforce in the language they're most comfortable learning in.
- › **Made for shift work.** Microlearning that fits around 24/7 operations — five minutes between flights.
- › **Every department, every role.** Paths for ramp, gate, concessions, custodial, guest services, and operations leadership.

A partnership built for real implementation

BossUp is delivered in partnership with Workplace Learning Systems — pairing a modern platform with proven instructional design, hands-on implementation, train-the-coach programs, and ongoing measurement against your retention and mobility goals.
